

*During the initial intake interview process, we obtain an overview of the client's skills and needs in order to identify obtainable goals, develop objectives and provide ongoing coaching toward achieving their goals.*

*We teach basic life skills based on individual needs and connect to other training needs as the client identifies them. We provide referrals to other resources including health, mental illness, education, religious organization and other supports.*

*The program is completed in 6 months. After program completion, clients may continue as a resident for up to a year.*

### *Our Mission*

*Peaceful Waters is a faith-based program whose mission is to help, house and heal recovering women in an environment of hope.*

### *Our Vision*

*Women in recovery empowered by God to be spiritually delivered.*

*Help \* House \* Heal \* Hope*

## *Peaceful Waters Serices Inc.*

### *About US*

*Peaceful Waters is a transitional housing program for women coming from recovery programs, the legal system, or other referral sources. We are a faith-based organization that believes that substance abuse addiction is a disease that can be treated with the help of counseling and behavioral changes. Within our caring and supportive structure, women grow spiritually, emotionally, and physically to become fully the person they want to become; active within their community, linked to a place of worship, and supportive to their families.*

### *Our Programs*

*Peaceful Waters assists women to transition from a higher level of treatment, hospitalization, incarceration, homelessness, and other struggles, while helping them succeed in their recovery. Our programs provide the tools the women need to achieve and maintain a healthier and independent life. We provide onsite training in recovery, relapse prevention, life skills, work ethics, physical health, spiritual health, behavioral health, and family life. Our quality living arrangements in a peaceful and loving atmosphere promote wholeness and wellness and a sense of belonging.*
